HARMON C. McALLISTER, PH.D.
ASSOCIATE RESEARCH DIRECTOR

July 23, 1985

Dr. Preeti Sahgal
3655 Drummond St. Rm. 1202
Montreal, Quebec
Canada H3G146

Dear Dr. Sahgal:

We have received Dr. Henry's letter of July 4, 1985 requesting partial support for the 1986 Substance P/Neurokinin conferance. CTR does have a program for modest support of relevant meetings, but we would like to see a tentative agenda and a list of invited lecturers before making a decision.

You may send these items directly to me at the above address.

Sincerely,

Harmon McAllister
